Re: Certified tax rate

Dear Mayor Wharton:

We concur in your calculation of the county certified tax rates at \$4.004 (county-wide) and \$0.048 (rural school – outside Memphis). The county may proceed to formally determine the certified tax rates and then adopt the actual 2009 tax rates if the actual rates will not exceed the certified rates as determined. If the certified rates must be exceeded, refer to our step-by-step instructions available through the assessor. It is especially important that any notice of intent to exceed the certified rates be published in the proper form. Recapture rates, as described in the enclosed procedures, must be calculated next May if the projected appeals losses (\$1,060,230,165 and \$193,930,100) are not recorded by then.

Sincerely,
